PROFESSIONAL SUMMARY

BCA graduate skilled in Full Stack Web Development and Software Engineering with experience in PHP, MySQL, JavaScript, HTML, and CSS. Proficient in Java, Python, C, .NET, and R with strong knowledge of Object-Oriented Programming, Data Structures, and Algorithms. Experienced in building database-driven web applications with CRUD operations, authentication systems, RESTful concepts, and responsive UI/UX design. Passionate about developing secure, scalable, and performance-optimized applications while continuously improving technical skills

TECHNICAL SKILLS

Languages	C, C# (.NET), Java, Python, PHP
Web Technologies	HTML5, CSS3, JavaScript (ES6+), REST APIs, Server-Side PHP, ASP.NET
Databases	MySQL, SQL, Oracle 10g — schema design, query optimization, relational modeling
Cybersecurity	Malware signature analysis, threat detection, URL parsing, session management, input validation
Developer Tools	Git, GitHub, VS Code, SDLC, OOP, DBMS, Agile basics
Soft Skills	Problem solving, debugging, teamwork, documentation, analytical thinking

PROJECTS

File Malware Scanner & Threat Detection System | PHP, MySQL, JavaScript

- Developed a malware scanning platform using PHP, MySQL, and JavaScript implementing file upload validation, signature-based detection, secure file handling, input validation, and database management.

Cyber Fraud Detection System | Python, PHP, MySQL

- Built a real-time URL fraud detection system with threat analytics and risk assessment. Reduced phishing exposure by 75–85% and improved detection speed by 80%, promoting safer internet usage through simple risk indicators.

Restaurant Management System | PHP, MySQL, HTML, CSS, JavaScript

- Developed a Restaurant Management System using PHP, MySQL, HTML, CSS, and JavaScript implementing CRUD operations, role-based authentication, session management, database design, and responsive web interfaces.

Train Ticket Booking System | C#, .NET, Oracle 10g

- Developed a railway reservation system with automated seat allocation and schedule management. Reduced seat allocation errors by 90%, booking time by 75%, and improved record accuracy by 95% through database-driven automation.

Full-Stack Developer Portfolio | HTML, CSS, JavaScript, PHP, MySQL, Git, GitHub, VS Code

- A collection of my projects in Full-Stack Web Development and Cybersecurity, showcasing practical applications built using HTML, CSS, JavaScript, PHP, and MySQL. It demonstrates my skills in designing responsive web applications, secure coding practices, and problem-solving abilities.

EDUCATION

Bachelor of Computer Applications (BCA)	<i>JH Patel Institute college</i>	GPA: 7.9 / 10
Pre-University Course (PUC)	<i>SSH Jain PU college, Harapanahalli</i>	68%
Secondary School Leaving Certificate (SSLC)	<i>Prarthana High school, Pallagatte</i>	90.72%

CERTIFICATIONS & ACHIEVEMENTS

- Fundamentals of Cyber Security – IBM
- MS Office Professional Suite – IIMS
- 1st Place – Aakansha Technical Fest
- 2nd Runner-Up – Anviksha Technical IT Fest Computers
